Student Accessibility and Accommodations

Our mission is to remove obstacles to a liberal arts education, by providing support and accommodations to otherwise qualified students, with both visible and invisible disabilities, while they embark on their pursuit of knowledge. We stand behind their journey towards a goal of using their talents, aspirations and intelligence to play a significant role in our society. We are committed to promoting a universal design in education, architecture and product design to improve the environment for all citizens and decrease the need to ask for special accommodations.

i To request accommodations, please click the "Add New" button. Disregard the "Apply Search" button.

A Semester Request is submitted by the student at the beginning of each semester to request the use of their accommodations for each class. You will receive an email when your Semester Request is approved. Follow the instructions that are on the email.
