Take Your Assessments

1. Use your Puget Sound credentials to log in to CES Resources and access PathwayU.

2. If this is your first time logging in, follow the instructions to create an account. You will receive a confirmation email where you will need to verify your account. If you are a returning user, use your email and password to log in.

3. To begin assessments, click Start Your Journey as shown in this image. >>

4. This will guide you through all four assessments: Interests, Values, Personality, and Workplace Preferences.

   Note: You do not need to take all four assessments in one sitting. But once you start an assessment you must complete it in its entirety or your progress will not be saved.

5. If you have already completed some of your assessments, but not all, simply return to your Assessments page and click on any remaining assessments to finish them. Once you have completed all four assessments, your summary page will look like the image shown right. >>

6. From this page, you can click on the tabs of each assessment to view extended feedback about your unique results.

7. Use the accompanying worksheets to reflect on your results, understand the implications, and learn how you can communicate those results relative to your own goals and experience.
